More and more creative and innovative thinking will be a requirement within various careers. In a world where many future jobs and careers are not known these skills will be essential. Careers in the culture program are many and varied with roles in community programs and the arts field. They can lead to pathways in industry, government departments and self employment. These pathways lead to careers that will continue to develop a dynamic and creative society. Local institutions offer a range of tertiary courses that lead to these pathways.

**Careers in culture pathway**
