There have been strong employment prospects identified in the environment program. The Mornington Peninsula has experienced sustained growth which will continue in the building and construction area. With a growing emphasis on responding to climate change and the Mornington Peninsula being a Biosphere Reserve there are many and varied career prospects within this program. Employment will range from contracting, self employment to various government departments. Local institutions offer a range of tertiary courses.

Subjects in the environment pathway lead to a wide range of careers. This pathway looks at subject areas that broadly lead to further studies and employment in areas of construction and land management.

**Natural and constructed environment**
### Environment

#### Year 9

**Recommended Studies**
- Metals & Plastics
- Recreational & Environmental Studies
- Science
- Visual Communication & Design
- Working with Wood

**Complementary Studies**
- 3D Art
- Humanities
- Multi-Media/Photography
- Small Engines/HPV

**Pathways**
- Year 10 Studies
- SBA/SBT
- VCE Unit 1-2 studies
- VET program options
- VCAL

#### Year 10

**Recommended Studies**
- Geography & Environmental Studies
- Science Core
- Visual Communication & Design
- Wood

**Complementary Studies**
- Art
- Marine Studies
- Photography
- Small Engines
- Cert II Information Technology
- VCE subjects options
- VET subject options

**Pathways**
- VCE Studies
  - Unit 1-4
- Intermediate/Senior
- VET Program
- VET program options
- SBA/SBT

#### Year 11-12

**Recommended Studies**
- English
- Environmental Science
- Geography
- Outdoor & Environmental Studies
- Maths
- Studio Arts
- Visual Communication & Design
- VCAL Programs Intermediate/Senior

**Complementary Studies**
- Art
- Sociology
- IT—Applications
- Physics
- VET Building & Construction
- VET Electro technology
- VET Engineering
- VET Plumbing

**Pathways**
- University
  - Engineering
  - Civil Construction
  - Sciences
  - Arts
  - Architecture

- TAFE
  - Building/Construction Design
  - Administration Environment

- Traineeship
- Apprenticeships
