A note about mathematics prerequisites

In 2023, the Victorian Curriculum and Assessment Authority (VCAA) will introduce a Unit 3 and 4 sequence in Maths: Foundation Mathematics, which was previously only offered at Unit 1 and 2 level. Some courses and institutions are still deciding whether Foundation Mathematics will be considered to meet an "any Mathematics" prerequisite, so students should be aware that courses listing "any Mathematics" as a prerequisite may or may not consider Foundation Mathematics as meeting that prerequisite. VTAC will update this document as the decisions are finalised and amendments made to 2024 prerequisite listings when and if required.

In addition, Unit 3 and 4 Maths: Further Mathematics will be re-named in 2023 to Maths: General Mathematics. Note that this subject is still listed as "Maths: Further Mathematics" in this document, although it will be named General Mathematics in 2023 and 2024.

VTAC will endeavour to keep this publication updated, but for the latest list of courses and prerequisites please go to the VTAC Prerequisite and Course Explorer, available from the VTAC website.

Box Hill Institute

www.boxhill.edu.au

General Principle of Admission Policy

Many TAFE certificate I-IV courses have no prerequisites. Some diploma/advanced diploma courses will require the completion of pathway courses first, such as a certificate III or IV in the same course area.

The eligibility requirement for most degree courses is a study score of at least 20 in VCE English (any) Units 3 & 4. In addition some degree courses also require studies in VCE Units 3 & 4 Mathematics, Chemistry or Art.

Box Hill Institute encourages all applicants who do not satisfy course entry requirements to undertake some TAFE pathway or preparatory studies.

Folios, Auditions & Interviews

Some courses do require applicants to meet folio, audition or interview requirements. Other courses may simply require applicants to attend an information session, or submit a supplementary application form.

Auditions: Applicants are usually required to demonstrate their proficiency as a musician/artist. See our online audition guide, at http://www.bhtafe.edu.au/courses/Cl/Pages/auditions-interviews.aspx

Folios: The folio should usually contain work demonstrating the applicant's conceptual, creative and technical ability.

Interviews: Applicants are usually asked a series of questions relating to their suitability for the course, demonstration of clear career goals, citing of any relevant industry experience, and their general aptitude for the course.

Visit www.boxhill.edu.au, or contact 1300 519 694 for further information.

Monash University

www.monash.edu

General Principle of Admission Policy

Institutional Requirement

VCE: A minimum of four Units 3 and 4 study scores including a study score of at least 30 in English (EAL) or 25 in any other English is required. See course entries for further details and specific faculty requirements on the level of achievement in study scores.

Minimum ATAR requirements

Monash University has a minimum ATAR requirement of 70.00 for all Bachelor Degree courses, even where subject bonus is not used or where a range of selection criteria is used. This applies to both Commonwealth Supported and International Full Fee places. Domestic applicants who receive a SEAS bonus may be selected under the University's minimum ATAR if the bonus lifts them above this rank.

Details of Folio Preparation/Requirements

The folio should contain 10 to 15 items that give the best indication of the standard and potential of the applicant's work. Applicants should present a folio which best demonstrates skills in their chosen field. Examples can include design work/ideas, drawings, drawing models, paintings, photography, prints, 2D or 3D works. The submission of sketchbooks, art notebooks and journals is also acceptable. Original works are preferred, but where works are too large to bring to the interview, they can be presented in photographic form, preferably in colour. Applicants who live interstate or in remote areas, or who cannot produce their folio because it is required for external examination purposes, should present photographic evidence of their work in colour. You will also be required to submit a digital copy of the folio you present. Information on presenting a folio for interview is available at: http://www.monash.edu/mada/apply

Details of Interview/Preparation Requirements for Fine Art

An interview panel will study the quality and potential of the folio and assess ability and motivation for successful study and communication skills. Details for Monash Music Auditions can be found at the Music Auditions Homepage (https://arts.monash.edu/music/audition-information).

Photography Studies College

www.psc.edu.au

Each course at Photography Studies College (PSC) has its own entry requirements. For course details and information regarding eligibility, enrolment processes, selection criteria and how to apply, go to www.psc.edu.au or email info@psc.edu.au

Applicants are selected on the basis of meeting minimum tertiary entrance requirements, attending an interview and presenting a visual folio.

Detail of Folio Preparation

Applicants' folios will demonstrate their engagement with photography and showcase their skills, strengths, imagination and personal motivation for study. PSC runs regular workshops in folio preparation for potential applicants, contact the College for more information.

RMIT University

www.rmit.edu.au

RMIT will admit students on the basis of satisfaction of their demonstrated capacity to succeed in their chosen course. Applicants must satisfy the relevant prerequisite studies and all other selection requirements for their course of interest.

Selection requirements

In addition to the general entrance requirements, some courses may have other requirements including (but not limited to):

- Form/Kit
- Interview
- Folio, folio presentation
- Course specific or other admissions test
- Personal statement

The purpose is for an applicant to show that they have a good understanding of, and a strong desire to study the course they have applied for. Detailed information about selection requirements will be available in the individual course entry on the VTAC website.

Detail of Folio/Preparation requirements

Where applicants are required to submit a folio, generally the folio should comprise 10 to 30 pieces of original personal work. The folio could contain a variety of personal work in art, design or media which demonstrates the interests, creative thinking and conceptual, design and technical skills of the applicant. Examples of work may include are drawings, paintings, graphic designs, photographs, digital images, models, sculpture, audio or video, scripting, short stories and/or 2D and 3D flash animation. For design courses the folio presentation is an opportunity to present a folio of your work. Applicants may be asked to discuss their pieces of work, outlining why they chose a particular topic, what they were trying to achieve and the process undertaken to achieve the final product. In some cases selection staff may also ask about designers or areas of design that interest or inspire. Folio presentations are conducted in a friendly and supportive manner and are normally expected to take approximately 15 to 20 minutes. Applicants will be notified directly by RMIT as to whether or not they have been invited for a folio presentation. This notification will also include details of the folio presentation, and any further information.

Detail of Interview/Preparation requirements

Interviews are part of the selection process for some courses. The interview process is an opportunity for applicants to demonstrate their understanding, ability and motivation for the course for which they are applying. During the interview, applicants present to a panel consisting of selection staff from the course to which they have applied. Applicants are asked questions about their work and interests in line with the selection criteria. Interviews are conducted in a friendly and supportive manner and are normally expected to take approximately 15 to 20 minutes.

Applicants will be notified directly by RMIT as to whether or not they have been invited for an interview. This notification will also include details of the interview and any further information.

General and Special Principles of Selection

Swinburne University of Technology has general principles of selection, which apply for entry to all undergraduate courses, while other courses have specific selection criteria. Information on the criteria for selection will be outlined in the essential requirements and admission criteria sections on VTAC Course Search.

Note: a study score of at least 30 in English (EAL) or 25 in English other than EAL is a minimum prerequisite for most Swinburne undergraduate courses. For details about Vocational Education (VE) course requirements please visit www.swinburne.edu.au/future

University of Melbourne (The)

www.unimelb.edu.au

The University of Melbourne has principles of selection and accompanying Academic Board Resolutions, which apply to individual undergraduate and graduate courses. These can be viewed at: www.futurestudents.unimelb.edu.au/admissions/entry-requirements

All courses, except Arts (Extended) and Science (Extended), Diploma in General Studies, Fine Arts (all specialisations), Music and Music (Chancellor's Scholars Program), use the Australian Tertiary Admission Rank (ATAR) and a two-stage selection process and have agreed to the selection of a significant proportion of applicants from below the Clearly-in rank. Consideration below the Clearly-in rank will be given to applicants eligible for University of Melbourne special entry schemes (all courses) and applicants with relevant work experience (Agriculture and Urban Horticulture).

Detail of folio/audition preparation:

Selection into the University of Melbourne's Fine Arts and Music courses is talent-based. Each specialisation within Fine Arts requires an audition/ interview and additional extra requirements. The selection process for our Music courses includes an audition and a musicianship test. Full details of the extra requirements for our Fine Arts and Music courses can be found at: www.coursesearch.unimelb.edu.au

Preparatory subjects for specific majors:

Commerce applicants intending to major in actuarial studies or complete an engineering sequence are encouraged to complete Units 3 and 4 Specialist Mathematics. Commerce applicants intending to undertake an engineering sequence in electrical or mechanical systems are also encouraged to complete Units 3 and 4 Physics

Design applicants intending to major in civil systems, computing, construction, mechanical systems, property, or spatial systems are encouraged to complete Units 3 and 4 Mathematical Methods. For further details visit http://bdes.unimelb.edu.au/#disciplines

Science applicants intending to major in animal health and disease (the shortest pathway to the Doctor of Veterinary Medicine) are encouraged to complete Units 3 and 4 Chemistry.
